GRIFFING NURSERIES

BEAUMONT, TEXAS

•

Season 1941 WHOLESALE PRICE LIST

•

NEW "A-B-C" LISTING

Both Common and Scientific Names

Varieties of all Trees, Shrubs and Vines in this Price List are listed alphabetically by their Common and Scientific Family Names.

This saves time finding what you want, just as easy as A, B, C's or as listings in a Telephone book. Simply look under the family group, such as "Fire-thorn" under "F"; and "Jasmine" under "J", and etc.

Cross-Indexes will correct you if looked for under botanical names or synonyms. This new System we hope will be a Time Saver to our busy Customers in looking up prices for handy reference.

•

Standardized Graded NURSERY STOCK

Adapted to the Southwest

•

56 Years Continuous Service

Conditions of Sale

This Price List supercedes and cancels all outstanding Wholesale prices. Prices are subject to change without notice.

TERMS: All accounts are payable at Beaumont Texas.
CASH DISCOUNT for Cash with order of Five percent (5%) will be allowed. Where Credit is established, 2% Discount for payment within 10 days, or 30 Days Net, will be allowed.

QUANTITY DISCOUNTS

Discounts allowed for Quantity as follows:

15% Discount on Minimum carload orders.

10% Discount on Minimum Truckload orders, where orders placed in advance of pick-up to allow time for digging. No Quantity discount allowed if Truck calls before order is dug, which does not allow for convenient handling.

PACKING CHARGES: All prices are f.o.b. Shipping point. No charge made for bulk carlot or Trucklot shipments of B&B Nursery stock. Packing will be charged extra at cost for B&B stock to be crated or boxed for shipment.

RESERVE ORDERS: On large orders for Stock to be shipped at intervals, we require a 25 per cent advance payment; or if booked and not reserved by cash payment, we are not responsible for any variety or size being on hand when stock is ordered shipped.

CAUTION: We accept all orders subject to crop conditions and on condition that same be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control.

GUARANTEE: We guarantee our stock to be well grown, true to name, properly packed and shipped according to instructions. In no case shall our liability be more than the original invoice value. Reserve orders are accepted upon the condition that they shall be void should injury befall the stock or error in count before shipment from any cause not under our control.

CLAIMS: Any claims must be made upon receipt of shipment or within five (5) Days. Complaints properly presented will be given special attention. Be sure to have exception for damages noted on Transportation receipt at time of delivery.

NOTICE: If you do not find the Stock you want listed, please write us and we may be able to supply you. We have many varieties in insufficient quantities to warrant listing. We invite correspondence and are ready to assist our patrons in every way we can.

TRANSPORTATION: We can deliver to any point in the Gulf Coast territory at L.C.L. Freight Rates, either by Motor Freight Truck, or our own Trucks. When we have a truckload of 7000 lbs. for a certain destination, we make delivery to your packing house or to your job. Write for our Truck delivery rates.

All prices are f.o.b. our Nurseries, and shipments travel at the risk and expense of the purchaser. We load trucks and carloads at our Nurseries or Mt. Evergreen, Texas. But Express and Less Carload Shipments are made from Beaumont, Texas.

INDEXED PRICE LIST

ALPHABETIC LISTING

With Both Common and Scientific Names

All Trees, Shrubs and Vines listed in this catalog are under their **common names**, according to "Standardized Plant Names."

A. B. C. BY FAMILIES

For your convenience in finding what you want, we are listing all Trees and Shrubs **by their common names** in Alphabetical Order. We are **cross indexing the botanical names** and synonyms to assist you in finding **what you may be looking for**. Botanical names to right of all **common names**.

ABELIA GLOSSY—*A. Grandiflora*

Attractive Evergreen Shrub.

Approx. Ht.	Class	XX	XXX
24-30 in.	B&B	\$.70	\$.95 each
30-36 in.	B&B	.95	1.25 each
3- 4 ft.	B&B	1.25	1.90 each
4- 5 ft.	B&B	1.90 each
5- 6 ft.	B&B	2.50 each

AGARITA—*Mahonia trifoliata*

Leaves similar to Holly. Yellow Flowers and edible berries.

Approx. Ht.	Class	XX	XXX
18-24 in.	B&B	\$.75	\$1.00 each
24-30 in.	B&B	1.00	1.50 each
3- 4 ft.	B&B	1.50	2.10 each

ARBORVITAE—*Thuja orientalis*

There are **two types** of Arborvitaes, which are known as Occidental and Oriental. The **Occidentalis** are generally **not suited** for the Southern States, while the **Orientalis** or Chinese types all do well in the South. The Oriental type is also classed as "**Biota**," which is now **unapproved**.

BAKER'S HYBRID

T. or. Baker's New Hort. var.

Tall-growing, columnar habit. Excellent bright green color most of the season; however, frequently becomes slightly brown in winter.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$1.10	\$1.60 each
4 - 5 ft.	B&B	1.40	2.10 each

BERCKMAN'S GOLDEN

T. or aurea nana

Compact, bushy dwarf habit. Foliage rich yellow—one of the best known Arborvitaes.

Approx. Ht.	Class	XX	XXX
4 - 5 ft.	B&B	\$2.40	\$2.90 each
5 - 6 ft.	B&B	2.90	3.40 each
6 - 7 ft.	B&B	3.80	4.50 each

EXCELSIOR

T. or excelsior

Symmetrical. Pyramidal habit, dark green color.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$1.20	\$1.85 each
4 - 5 ft.	B&B	1.70	2.50 each
5 - 6 ft.	B&B	2.10	3.00 each

ELEGANT

T. or. elegantissima

Tall growing pyramidal type, yellow cast to new foliage.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$1.00	\$1.25 each

MAURINE

T. or. Griffing's New Hort. variety.

One of our originations; dark green pyramid.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$1.10	\$1.60 each
4 - 5 ft.	B&B	1.40	2.10 each
5 - 6 ft.	B&B	1.90	2.50 each
6 - 7 ft.	B&B	2.10	2.90 each
7 - 8 ft.	B&B	2.80	3.50 each
8 - 9 ft.	B&B	3.20	5.00 each

ARBORVITAE—(Continued)**RAMSEY HYBRID****T. or. Ramsey' New Hort. Var.**

Broad at base, Cypress-like foliage. Bluish-green throughout the year. Excellent for accent specimens.

Approx. Ht.	Class	XX	XXX	
3- 4 ft.	B&B	\$1.10	\$1.60	each
4- 5 ft.	B&B	1.40	2.10	each
5- 6 ft.	B&B	1.90	2.50	each
8-10 ft.	B&B	3.10	3.90	each
10-12 ft.	B&B	3.90	5.00	each

WINTERGREEN**T. or. Griffing's New Hort. Variety**

More compact growing, cone type, very dark green color.

Approx. Ht.	Class	XX	XXX	
3 - 4 ft.	B&B	\$1.10	\$1.60	each
4 - 5 ft.	B&B	1.40	2.10	each
5 - 6 ft.	B&B	1.90	2.50	each

ASH, ARIZONA—Fraxinus velutina

Especially suited for the Gulf Coast. Does not shed leaves in Summer.

Approx. Ht.	Caliper	Class	XX	XXX	
10-12 ft.	2 -2½ in.	B&B	\$2.50	each
12-14 ft.	2½-3 in.	B&B	3.50	\$5.00	each

We have a block of Arizona Ash growing thick in the rows without side branches, tall and slender. We sell these by caliper only, and recommend cutting off to 8 ft., 10 ft. or 12 ft. as you wish. These trees planted out will put on a heavy round shape top by the second season.

1½-2	inch Caliper	B&B	\$.75	each
2 -2½	inch Caliper	B&B	1.10	each
2½-3	inch Caliper	B&B	1.65	each
3 -3½	inch Caliper	B&B	2.00	each
3½-4	inch Caliper	B&B	2.50	each
4 -4½	inch Caliper	B&B	3.00	each

ASPIDISTRA—Aspidistra lurida

Dark rich green leaves, ornamental in Containers or in shady places out of doors.

Approx. Ht.	Class	XX	XXX	
15-18 inch	5" Pots	\$.95	each
18-24 inch	6" Pots	1.50	each

AZALEA

Azaleas which were used sparingly in Landscape plantings over a period of years, in the Southwest have come into prominent place in all types of plantings. With their Evergreen foliage, and gorgeous blooms in the early Spring Season, no planting is considered complete without them.

All Azaleas require an acid soil, hence leaf-mold or Peat moss for mulching the roots should be added over the surface of the plant beds. Lime and alkali conditions of soil require special preparation with new acid soil.

There are no more beautiful Flowering Shrubs than the Azaleas for the Gulf Coast area.

NOTE: Names applied to varieties of the Azaleas are as accepted in this Trade territory; but since they have not been adopted as Standardized, we limit our responsibility to Local accepted names and identification.

BRICK-DUST

Low growing, compact type with light orange-red flowers. A late bloomer

DAPHNE SALMON

Medium sized flowers, pleasing salmon coloring. Mid-season bloomer.

Approx. Sprd.	Class	XX	XXX	
15-18 in.	B&B	\$1.10	\$1.60	each
18-24 in.	B&B	1.60	2.25	each
24-30 in.	B&B	2.25	3.00	each

DIXIE

Vigorous free grower, flowers deep Salmon pink.

Approx. Ht. or Sprd.	Class	XX	XXX	
12-15 in.	B&B	\$.85	each
15-18 in.	B&B	\$1.60	each
18-24 in.	B&B	1.60	2.25	each
24-30 in.	B&B	2.25	3.00	each
30-36 in.	B&B	4.00	each

AZALEA—(Continued)**ELEGANS**

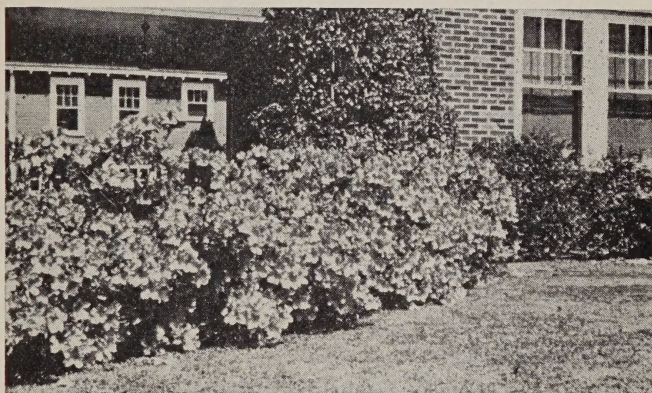

Hardy, fast growing, open growth with good foliage. Free flowering with medium sized bright pink blooms.

Approx. Ht. or Sprd.	Class	XX	XXX
18-24 in.	B&B	\$1.60	\$2.25 each
24-30 in.	B&B	2.25	3.00 each
30-36 in.	B&B	3.00	4.00 each
36-42 in.	B&B	4.00	5.00 each

FORMOSA**Azalea indica formosana**

We recommend and grow principally the well-known, hardy indica formosa, which thrives well in the open. Blooms heavy, rich Rose-Pink flowers in gorgeous array.

Approx. Ht. or Sprd.	Class	XX	XXX
9-12 in.	B&B	\$.70	... each
12-15 in.	B&B	.85	\$1.00 each
15-18 in.	B&B	1.10	1.60 each
18-24 in.	B&B	1.60	2.25 each
24-30 in.	B&B	2.25	3.00 each
30-36 in.	B&B	3.00	4.00 each
36-42 in.	B&B	4.00	5.00 each
3½-4 ft.	B&B	5.00	7.00 each
4- 5 ft.	B&B	6.50	9.50 each

Azalea Formosa in full bloom

OMURASKI

Smaller growing shrub with rose-lavender flowers in mid-season.

Approx. Sprd.	Class	XX	XXX
18-24 in.	B&B	\$. . .	\$2.25 each
24-30 in.	B&B	. . .	3.00 each

PHOENICEA

Early flowering type, somewhat like Formosa but has more petals. Slow in growth but very compact shrub. Flowers Rose-pink shaded with lavender.

Approx. Sprd.	Class	XX	XXX
24-30 in.	B&B	\$2.25	\$3.00 each
30-36 in.	B&B	3.00	4.00 each

PRESIDENT CLAY

Orange-red with purple spot at throat. Blooms early.

Approx. Ht. or Sprd.	Class	XX	XXX
24-30 in.	B&B	\$. . .	\$3.00 each
30-36 in.	B&B	. . .	4.00 each

PRIDE OF MOBILE

Fast grower, most brilliant color blossoms of rich shell pink, blooms in mid-season.

Approx. Sprd.	Class	XX	XXX

CAMELLIA — Japonica

Camellias are sometimes called the "Aristocrats of Southern Gardens." They are easily grown in the South, and their rich, glossy foliage and colorful flowers make them unusually attractive. There are many named varieties, but not all are desirable. The flowers are produced during the mid-winter when no other flowers are found in the garden, bringing increased admiration for this plant.

SPECIMEN CAMELLIAS—We are listing here only small sizes; however, we have many larger specimens in our fields priced according to size and variety. If you need Specimens, we invite you to look over our collection.

NOTE—Names applied to varieties of the Camellia Japonica are as accepted in this Trade territory; but since they have not been adopted as Standardized, we limit our responsibility to local accepted names and identification.

ALTHEA FLORA

Full peony form flower, shading from pink to white.

Approx. Ht.	Class	XX	XXX	
30-36 in.	B&B	\$. .	\$6.50	each

CRAPE MYRTLE—*Lagerstroemia*

We grow **most of ours** in Balling Soil—it pays to Ball them. Write on order if single stem, many stems from ground or if bushy plants are wanted

BALLED AND BURLAPPED CRAPE MYRTLES transplant with unusual success from our Balling soil, to live, grow, and blossom heavy the first season. Why not give immediate effects this way? With the wide variety of colors to select from, they can be used extensively in the Landscape. B&B Crape Myrtle transplant into cold climates with success, whereas bare-rooted plants winter kill.

IMPERIAL PINK

Large heads, pastel pink flowers.

L. i. rosea

LAVENDER

A bright shade, very attractive and **highly desirable**. Large fluffy flower heads.

L. i. lavendula

MAGENTA

A very **deep red** of outstanding merit.

L. i. magenta

WATERMELON RED

Griffing's Type

L. i. rubra

The most **desirable** of all Crape Myrtles. Produces large fluffy flower heads of **clear, bright rich pink**.

Interplanted with evergreens, beautiful effects are obtained.

Massed in groups of any size, a display of color unrivaled is had the first summer. The most generous usage and the demand of recent years indicates ITS

**GREAT
POPULARITY.**

Griffing's Watermelon Red Crape Myrtle.

PRUNE EVERY WINTER—For best results Crape Myrtles should be cut back to one foot of the ground when planted. (By using big sizes you get better root systems.) Then every year thereafter prune them back to within 2 to 4 inches where they were the year before. In this way you get much larger flowers, thick branches, and dense foliage.

CORNUS—See Dogwood.**CORTADERIA—See Pampas Grass.****CRINUM LILY—Crinum**

Summer and early Fall flowering. Large clusters of flowers, white striped with pink markings.

ELAEOAGNUS

This family of popular and hardy Evergreens is one we can safely recommend for Shade locations, **fragrant flowers** and **edible fruit**. The three varieties we prefer to grow are **Dwarfed habit** and **grow low** and compact.

Elaeagnus is one of the newer Broadleaf Evergreens that has gained popularity in the last few years. It provides a contrast in color of foliage, and grows equally well in Sun or Shade.

Note—All Elaeagnus Cutting Grown.

DWARF THORNY

E. pungens nana

Live-Oak-Shaped Leaves, silvery underneath.

GRIFFING'S COMPACT

E. pungens compacta

New unusual variety, a sport of Fruitlandi discovered by us in 1934. Preferred to other types of Elaeagnus by many customers and Landscape men because of its close, compact attractive growth.

Approx. Ht. or Spread	Class	XX	XXX

Specimens XXXX 6-7 ft.	B&B	...	9.50	each

FRUITLAND

Elaeagnus fruitlandi

Leaves large, pointed, silvery underneath, glossy-gray-green above, upright growth.

ROSEDALE

E. pungens rosedale

A new sport. Small leaves, upright grower, many small branches. Where used in shade for Hedges with its new **bronze leaves** and brownish bark, makes excellent contrast color in plantings.

SIMON

E. pungens simon

Small, dark green leaves dotted with silver scale on upper surface and silvery-white underneath. The upright growth with young foliage adds attractiveness with their fawn colorings.

3 - 4 ft.	B&B	\$.60 each
4 - 5 ft.	B&B	.75 each
5 - 6 ft.	B&B	1.00 each

HOLLY — Ilex

There are many kinds of Hollies, some make Trees, others shrubs—all are valued for their berries. However, all the Trees or Plants do not bear berries. Pistillate ones will bear if Staminate ones are growing close to them.

NOTICE: BOTH PISTILLATE (Berry-bearing or Female) AND STAMINATE (Non-Berry-bearing or Male) types. The Pistillate types will bear berries only when properly cross-pollenized by the STAMINATE TYPE. There should be one staminate for every five pistillate.

AMERICAN HOLLY

Ilex opaca

Green leaves with spines. Attractive Evergreen tree with rich green, thorny leaves, enhanced by Red berries in Winter season.

We list only Staminate or Non-Berried plants below. Berried plants can be obtained from 6 ft. size and up at DOUBLE PRICE of list below.

Approx. Ht.	Class	XX	XXX

6 - 8 ft. Non-Berried	B&B	2.75	... each
8 - 10 ft. Non-Berried	B&B	3.75	... each

THORNY DAHOON HOLLY**Ilex Cassine**

Pyramidal growth—leaves, with no spines. Bright red berries.

Approx. Ht.	Class	XX	XXX
3 - 4 ft. Berried	B&B	\$2.50	\$3.50 each
4 - 5 ft. Berried	B&B	3.50	4.50 each
5 - 6 ft. Berried	B&B	4.50	5.50 each

SLACK'S HYBRID HOLLY**Ilex Slack's Hort. var.**

New Hort. variety of Chinese, all grown from cuttings and bearing large red berries from young plants.

Approx. Ht.	Class	XX	XXX
4 - 5 ft.	B&B	\$4.00	\$5.00 each
5 - 6 ft.	B&B	5.00	6.00 each
6 - 7 ft.	B&B	6.00	7.00 each

YAUPON HOLLY**Ilex vomitoria**

This is undoubtedly the **best of the native shrubs**. It can be kept sheared resembling the fine-leaved Boxwood. **Nursery Grown, root pruned, balled from our Beaumont Balling Soil. Compact growth**, highly improved over those grown in the woods. We have sheared some into **Globes, Cones, Squares, and Pyramids**. We also grow blocks for **Hedge Purposes** and constantly headed **back** while small, make **low compact** hedges to start with.

YAUPON HOLLY**NATURAL TYPE****BERRY BEARING—Pistillate—Female**The natural growth types have only had the **long side** branches **sheared** when young, causing them to take a **center shape** with many uniform branches.

Approx. Ht.	Class	XX	XXX
24 -30 in.	B&B	\$1.20	\$1.60 each
30 -36 in.	B&B	1.60	2.00 each
3 -3½ ft.	B&B	2.00	2.50 each
3½ - 4 ft.	B&B	2.50	3.10 each
4 - 5 ft.	B&B	3.10	3.70 each
5 - 6 ft.	B&B	3.70	4.40 each
6 - 7 ft.	B&B	4.40	5.10 each
7 - 8 ft.	B&B	5.10	5.90 each
8 - 9 ft.	B&B	5.90	6.70 each
9 -10 ft.	B&B	6.70	7.90 each
10 -12 ft.	B&B	7.90	9.50 each

YAUPON HOLLY**NATURAL TYPE****NON-BERRY BEARING—Staminate—Male**

These are staminate plants, or those that have not shown berries yet, or it can grow up and make large formal hedges, loose, natural growth border or screen hedges.

Approx. Ht.	Class	XX	XXX
12 -15 in.	B&B	\$.30	\$.40 each
15 -18 in.	B&B	.40	.50 each
18 -24 in.	B&B	.50	.65 each

O A K S — Quercus

Whether along the AVENUE or BOULEVARD, the highly traveled HIGHWAYS, IN our PARKS and PLAYGROUNDS, on PLANTATIONS, or amidst the surrounding of YOUR OWN HOME GROUNDS; the Oak tree lends forth its welcome arms to SHELTER US from BITING WINDS and the HOT SUMMER SUN. Contrary to many Shade trees, the OAK GROWS in BEAUTY and VALUE WITH AGE. HISTORIC SPECIMEN OAKS are found along the Coast, are RARE IN BEAUTY and RICH IN GLORY.

PRUNING OAKS

Our Oaks are given careful attention, all FORKS BEING CUT out, with the CENTER STEM retained, forcing all branches to come out horizontally from the main trunk. With this training, the center stem continues to grow upward, and the horizontal branches form a beautiful tree.

XXX Grades—Defoliate and remove branches under $\frac{1}{4}$ in. size.

XX Grades—Defoliate and prune branches $\frac{1}{2}$ or more.

These Trees were properly pruned—Notice how the top branches have developed by the second year.

As the tree grows older, the side branches predominate, making the tree broader and broader with age, and TRULY MAJESTIC in its beauty. When trees are trained in this way, in case of a storm, there are not a lot of forked branches at the trunk to cause the tree to split and ruin its shape.

WE DO NOT RECOMMEND THE COMMON PRACTICE OF "TOPPING" OAK TREES.

LIVE OAK

(Spanish)

Quercus virginiana

We have the complete stock from Acorns gathered in Florida from the choicest insulated groves in existence, so there is not a chance of hybridizing. This true type of fast-growing Oaks are destined to revise the idea that Live Oaks are a slow growing tree, much different for the ordinary native Live Oak in Louisiana and Texas, which we call the Scrub Live Oak, but takes too long to grow.

Always clean, rich foliage. Very straight bodies. From young seedlings we trim to single stem in center, not allowing forks even on our 20 foot trees. In centuries to come these forked trees may split open and ruin the tree.

10-12 ft.	22-24 in.	B&B	...	30.00	each
12-14 ft.	24-26 in.	B&B	...	40.00	each

The above prices are for Palms with leaves starting out from one to two feet from ground. If a Trunk is desired, add \$1.00 per foot extra. We have them with 4, 5, 6, 7, 8, and 9 foot trunks.

PINDO PALM**Cocos australis**

Cocoanut Palm growth. Edible Fruit similar to Date Palm only smaller. Its long drooping Palm shaped leaves of a blue-green color are very attractive and can be planted very extensively along our Gulf Coast territory as it is very hardy and will stand the ordinary cold weather for 100 or more miles from the Gulf Coast.

PODOCARPUS

One of our most attractive trees or shrubs. The fruit is very peculiar, as it has a blue stem with a red ball at the end. Can be planted at the water's edge without injury from salt sprays. One of the most versatile trees grown, for borders and groups, or in individual specimens.

Specimen Podocarpus (Yew) as used most important plantings

BROADLEAF YEW

Podocarpus macrophylla

Beautiful evergreen, upright branching shrub or small tree. Rather broad leaves, light green when young, dark green when mature.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$2.75	\$3.00 each
4 - 5 ft.	B&B	3.50	4.25 each
5 - 6 ft.	B&B	4.75	5.60 each

LITTLELEAF YEW

Podocarpus Microphylla

Similar to macrophylla, except bush is more compact in form, and more slender growth; leaves are more narrow, and are dark green from youth to maturity.

Approx. Ht.	Class	XX	XXX
30-36 in.	B&B	\$2.00	\$2.50 each
3- 4 ft.	B&B	2.75	3.50 each
4- 5 ft.	B&B	3.50	4.50 each
5- 6 ft.	B&B	4.75	5.90 each
6- 7 ft.	B&B	6.90	8.50 each
7- 8 ft.	B&B	8.50	14.50 each

POMEGRANATE—Punica

DWARF FLOWERING

Punica granatum nanum

Dwarf, bushy, compact habit. Foliage small and of bright green. Red, bright scarlet flowers and crimson fruits.

Approx. Sprd.	Class	XX	XXX
12-15 in.	B&B	\$1.40	\$1.80 each
15-18 in.	B&B	1.80	2.20 each

SEMI-DWARF

2 - 3 ft.	B&B	\$.75	... each
3 - 4 ft.	B&B	1.00	... each
2 - 3 ft.	NB	.45	... each

PRIVET — Ligustrum

This is another large family with various shaped leaves, branches and color, etc. Largely used throughout the South. All varieties have masses of white flowers followed with black berries.

BIGLEAF

L. macrocarpum japonicum

Leaves dark green, turning to bronze in Autumn.

Approx. Ht.	Class	XX	XXX
3 - 4 ft.	B&B	\$1.00	\$1.50 each
4 - 5 ft.	B&B	1.50	2.00 each
5 - 6 ft.	B&B	2.00	2.50 each

BLACKLEAF

L. lucidum nigrafolium

Distinct Black-green foliage. Most hardy of the Ligustrum group; very thick and glossy shrub.

Approx. Ht.	Class	XX	XXX
2 - 3 ft.	B&B	\$.75	\$.95 each
3 - 4 ft.	B&B	1.35	1.65 each
4 - 5 ft.	B&B	1.70	2.50 each

6- 7 ft.	B&B	3.90	\$4.90 each
7 -8 ft.	B&B	4.90	5.90 each

GRACEFUL

L. lucidum gracilis

Branches gracefully recurved, dark green foliage.

Approx. Ht.	Class	XX	XXX
18-24 in.	B&B	.. \$.35	... each
2- 3 ft.	B&B	.45	... each
3- 4 ft.	B&B	.60	... each
4- 5 ft.	B&B	.75	... each
5- 6 ft.	B&B	1.20	... each
6- 7 ft.	B&B	\$2.20 each

JAPANESE

Ligustrum japonicum

Large pointed leaves. Sometimes trained to tree forms for shade.

Approx. Ht.	Class	XX	XXX
6 - 8 ft.	B&B	\$1.50	\$2.00 each
8 -10 ft.	B&B	2.00	2.50 each
STANDARD 7-8 ft.	B&B	1.60	... each

PYRAMID

L. lucidum pyramidalis

Pyramid form, leaves growing upward on the stem. Tall, narrow, broad-leaved Evergreen.

Approx. Ht.	Class	XX	XXX
4 - 5 ft.	B&B	\$.75	\$1.20 each
5 - 6 ft.	B&B	1.20	1.80 each
6 - 7 ft.	B&B	1.80	2.20 each
7 - 8 ft.	B&B	2.20	3.20 each
8 -10 ft.	B&B	3.20	... each

QUIHOUI

Ligustrum quihoui

Upright habit, small grayish-green leaves. Blooms throughout the season; not affected by nematode.

Approx. Ht. or Spread	Class	XX	XXX
2 - 3 ft.	B&B	\$.40	... each
3 - 4 ft.	B&B	.60	... each
4 - 5 ft.	B&B	.75	... each

UPRIGHT

L. lucidum erecta

All branches grow in upright position; resembling Waxleaf.

Approx. Ht.	Class	XX	XXX
18-24 in.	B&B	\$.35	\$.45 each
2- 3 ft.	B&B	.45	.60 each
3- 4 ft.	B&B	.60	.75 each
4- 5 ft.	B&B	.75	1.10 each
5- 6 ft.	B&B	1.20	1.80 each
6- 8 ft.	B&B	2.10	2.90 each
8-10 ft.	B&B	3.50	4.90 each

PRIVET—(Continued)**VARIEGATED NEPAL****L. luc. nepalense var.**

Low bushy growth, green leaves with slight variegation of yellow in margin.

Approx. Ht.	Class	XX	XXX
18-24 in.	B&B	\$.60	\$.70 each
24-30 in.	B&B	.75	.95 each
30-36 in.	B&B	.95	1.35 each

Field of Griffing's Waxleaf Privet

WAXLEAF,

Griffing's

L. lucidum compactum

This is the best bushy, compact evergreen shrub along the Gulf Coast. We have continued propagating from cuttings this variety from the original plants. Its low compact growing type is decidedly different from a lot of Waxleaf.

Approx. Ht. or Sprd.	Class	XX	XXX
18-24 in.	B&B	\$.60	\$.75 each
24-30 in.	B&B	.75	.95 each

REDCEDAR—See Junipers

ROSA-de-MONTANA—See Coral Vines

AZALEA ROSE

The Azalea Rose is a thrifty growing, healthy **Polyantha**. In our experimenting with varieties for the Gulf Coast territory, out of hundreds of Polyantha types, this proved to be the best. However, we lost the name and source where we secured the stock.

Flowers much larger than the usual Baby Roses. Clusters large on good strong stems, growing around 2 ft. high. A free and vigorous grower and abundant bloomer. Color, a bright rose pink.

We decided to name this the **Azalea Rose**, after failing to find its correct name, because of its gorgeous bright color, similar to Azaleas.

One of our choice Landscape Customers noticed a block of these in our Nursery in August and not knowing they were Roses remarked. "What kind of Azaleas is that blooming so gorgeous in the middle of the summer." from this suggestion, we thought to call it an "Azalea" Rose.

BEAUMONT RED, CLIMBING ROSE

For a strong healthy ever-blooming Climber, there is none better as it blooms all the season. We named it after locating its superior quality over any other; it may be some recognized variety for which the name was lost, but on account of a demand for a strong red climber, we have been calling it **Beaumont Red**.

LOUIS PHILIPPE ROSE

This is one of the old Southern Favorites especially good for Hedges or groups among Landscape Plantings.

The foliage is always bright and green. The bush is a very strong grower of bushy habit and with bright red flowers, hanging in clusters over the bush at all seasons of the year, it is one of the best flowering shrubs that can be planted. We have seen bushes of these 8 to 10 years old, still healthy and growing vigorously, blooming profusely all summer.

2 - 3 ft.	B&B	\$1.30	... each
3 - 4 ft.	B&B	1.80	... each
4 - 5 ft.	B&B	2.60	... each
5 - 6 ft.	B&B	3.50	... each

ZEBRA GRASS—See Grasses

Standardized Grading

"THE HONEST GRADING SYSTEM"

When you visit our Nurseries, we will gladly show you the full meaning of the "Standardized Grading", the same as all Nursery Stock is listed and priced in this Price List.

XXX

XX

X

Griffing's Waxleaf Ligustrum, illustrating Quality of plants, all same height.

NEED FOR STANDARDIZATION

Horticultural standards for Nursery Stock have gradually developed since the Convention in 1923, and have been expanded as the need for more Uniform Grading Standards developed. The last Revision adopted in 1936 has proven to be inadequate to cover all classes of plants grown and sold by the Nursery Trade in various sections of the country. Purchases by Government Agencies have demanded more explicit grading Standards that will eliminate as far as possible the guesswork in writing and interpreting plant specifications.

This revised Code of Standards is presented as a Recommendation for general use and adaption by the Members of the American Association of Nursery, as of 1940, we have adopted as our Standard guide in grading all Nursery stock sold.

Order by QUALITY, and your order will be as carefully selected, and graded as if you came in person and selected your own materials.

Throughout this Price List, the Schedule of prices are according to XX and XXX; the X we do not sell.

XXX indicates strictly heavy, low branched, choice Trees and Shrubs.

XX indicates well developed, medium branched, good merchantable Trees or shrubs.

X indicates poor quality, measured by height only. All Nursery rows have some. These we do not sell.

SPECIMEN STOCK above XX and XXX Quality, selected or marked in the Nurseries will be priced according to its value.

LOWERED CARLOAD FREIGHT RATES

In Texas, we have the lowest Freight Rates of any State we know. For Minimum 30,000 lbs. Car of B&B Trees, Column No. 20 Rate applies. Your Local Freight Agent can quote these low Rates from our Shipping point—"Mt. Evergreen, Texas", or ask us for it.

SPECIAL LOW Carload Rates effective to other States. Ask about yours.
